## THE EVOLUTION OF MARY ANN.

To Mr. Johnson and his wife a charming baby came, and then was known as Mary. At last she reached the age of ten, and then she showed more fully. For once again her name was changed, and Mary Ann was "Mollie."

The baby grew and soon became so very arbitrary. She dropped the good, old-fashioned name, and then was known as Mary. At last she reached the age of ten, and then she showed more fully. For once again her name was changed, and Mary Ann was "Mollie."

In beauty and in grace she grew, more charming every day. Until at last a lover came and called her "Darling Mary." She cultivated modern slang and said that "All the same."

While I was christened Mary Ann, my name is really Mollie. She passed through school, to college went and then began to see. That after all her name should be the charming one "Marie."

She married in the course of time but then the horrid man. Was wont to lay all trials aside and call her "Mary Ann."

All matter for publication must be handed in before 9 o'clock a. m.

Her Death as Reported in Yesterday's Paper Was an Error.

**PRESIDENT FISH AND GENERAL MANAGER HARAHAN** have affixed their signatures to and thereby made operative the plan of pensioning employees of the Illinois Central Railroad. In order to carry out the scheme, a pension fund of \$250,000 has been provided, and each year the company will set apart a sum not to exceed \$100,000 for the payment of pension allowances for the year.

The contest over the will of the late Senator JONAS R. McFARLAND of New York develops the fact that it is worth \$700,000, instead of \$50,000, as first believed. The trouble with your average Social-Anarchist is that \$1 always looks like \$10,000 in his eyes, and that a man who makes enough in a year to buy a decent suit of clothes is a millionaire. A few weeks ago The New York Herald printed a list of nearly sixty millionaires in Cincinnati, when the fact is there are not three persons in that city who could scrape together that much money to save their lives.

The Army Canteen question will be fought all over again in the next Congress. Army officers are freely predicting that the prohibitory law will be revoked, and the privilege of selling beer and light wines at Army Post Exchanges will be renewed. Although no official arrangement has been made in the matter, commanders throughout the country are sending to the War Department their view of the working of the law and its effect on the enlisted men.

Many Post Commanders allege that there is an increase in the number of counterfeits on account of the fact that the men are no longer under the control of their officers in the matter of drinking.

A company composed of capitalists of Bath county has been formed with headquarters at Sharpburg for the purpose of building telephone lines from Sharpburg to Owingsville, Mt. Sterling, Flemingsburg, Mayville, Georgetown and all intervening points.

A recumbent figure of Queen Victoria in white marble has been placed over her tomb at Frogmore. It was made forty years ago by Baron Marchetti for the king who he carved the figure of the Prince Consort, which now lies next to it, and had been stored away until it was needed.

# WILL COME THIS WAY.

The Ellen N. Thinks of Breaking Into Ohio Via Mayville Town.

Paris, France.

The L. and N. will use over a million bricks this summer in rebuilding one of its tunnels on the Mayville Branch between Pleasant Valley.

It is probable that the short tunnel near Carlisle will be cut out altogether. The company has expended at least \$500,000 on that branch of its line since becoming owner of it.

It is stated upon good authority that the company will bridge the Ohio river at Mayville, and extend to Columbus, O.

The L. and N. owns a right-of-way from Aberdeen to Columbus, nearly all of it graded, and at one time twenty miles of it was tracked.

If this extension is made, the Mayville Branch will become the main line, and communication from this part of Kentucky will be opened up with that part of Ohio.

# WEDDING DIDN'T OCCUR.

Arrival of the Father Prevents the Marriage of His Daughter.

Miss Ethel Harris of Lexington and Abner Buchanan of Mason county journeyed to Cincinnati Tuesday to get married without the consent of the father.

The father, W. P. Harris, went to the city and intercepted the young couple at the depot.

He refused to permit the couple to marry and took his daughter home again.

Buchanan did not despair, and says he will yet wed Miss Harris.

# A GENTLE HINT.

In our style of climate, with its sudden changes of temperature, rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken ill by its slightest colds. Half the deaths result from this cause. A bottle of Bosc's German Syrup kept about your home for medicinal purposes will prevent serious sickness, a large doctor's bill, and perhaps death, as one of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Nerve Colic, Croup, or any kind of the Throat or Lungs, the mixture is simply wonderful. Ask your dealer for it, or get a sample bottle free from J. J. G. EDWARD FULLER.

(In charge of Foods and their Accessories, Pan-American Exposition.)

As the Pan-American Exposition will command the respect of visitors for its exhibits and that it will win their admiration for novel and live exhibits, it is in connection with the educational. However, if there is any one thing more than another that the dear public may like to see, it is the exhibits, permit a tired man to mention the Food Crank—the fellow who kidnaps some helpless, innocent truth and isolates it as his own. The greatest show that could be made at Buffalo this summer would be to have all the Food Cranks of Pan-America assembled in the Stadium at one time for a heart to heart talk. This would be Maximum day at the Fair, though it made the angels weep.

G. EDWARD FULLER, Assistant Superintendent in Charge of Foods and their Accessories.

# A GREAT FOOD SHOW

PAN-AMERICAN EXHIBIT WILL REPRESENT BOTH CONTINENTS.

Its Gay Booths and Appetizing Samples Will Make It a Rival to the Midway-Realized Dream of the Tropics as an Annex.

Born of a great idea, achieving matchless greatness under the best management any great exposition has ever had, the matured benefit of the Western world and with a hand of prosperity threatening to thrust itself upon it, this Exposition of all the Americas in this glittering city of the new century makes a fair bid to pass into history as one of the incidents inevitable in the forward sweep of the Western Hemisphere, one of the things called by Manifest Destiny and not found wanting.

In the Division of Foods and their Accessories installation is about to begin in a compact manner and with an elegance suited to the selective character which has been made possible by the overabundance for space. Lucky do those consider themselves who are among the accepted ones, while others who waited until the last moment and then found a full house are not quite satisfied with the limitations which would be exhibitors over three months before opening time—an unheard of thing in food shows heretofore. Compensation will be found, however, for the small limits of the division in the highly finished quality and intelligent arrangement of the appetizing display.

Processes and methods of manufacture and packing will be shown, and in addition souvenirs and samples will be given away and the quality of the goods demonstrated, so that this division will present an altogether festive appearance day and night, and, with handsome attendants and elegant booths, will be a popular free rival of the Midway in entertaining the expected twenty odd millions of visitors who consume foods and some kind of accessories three times a day, whether by indulging in the altitudes, plants, music and science or not. The exhibit consists of chocolates, coffees, teas, spices, flavoring extracts and jellies, sweeteners, condiments, and other sweets, preserves, jams, jellies, marmalades, nuts, mushrooms, dried fruits and vegetables, foods prepared from cereals, beverages for household and other use, and preserved and prepared meats and fish, gelatin preparations, groceries' sundries and household antiseptics.

As an annex to the Food Exhibit "Equatorial Pan-America" will be a realized dream of the tropics which must be seen to be appreciated and will consist of live trees, plants, vines and shrubs selected from plantations and botanical gardens of tropical Pan-America.

Without going into further detail or comparison, the public can be assured that the Food Division of the Pan-

# TAYLOR COUNTY.

United States Marshal's Posse May Be Sent to Collect a Bonded Indebtedness.

Louisville, Ky., May 9.—If the bonded indebtedness of Taylor county, created in favor of the Chesapeake and Ohio road, is not paid, a United States marshal's posse will be sent to the county, as was done when the county failed to pay a judgment rendered against it by United States Judge Barr, who later compelled the county to pay the expenses of the posse in addition to the judgment. Taylor county originally voted \$200,000. A compromise effected with the bondholders for \$80,000 was repudiated by the county.

Marby Hurbert brought suit in the United States court and was given judgment to the amount of \$2,500 and \$150.00 in costs against the individual taxpayers.

United States Marshal James is possessed of a considerable number of the county, and the levy will be made in accordance with the provisions of the special commissioner of the court, Dave May.

# A SEA OF MUD.

Threatening Weather Kept Away the Crowd From Churchill Downs Wednesday.

Louisville, Ky., May 9.—The threatening weather kept away the crowd from Churchill Downs Wednesday afternoon. Heavy rains had made the track a veritable sea of mud, and this contributed as much as anything else to the upset of many betting calculations.

The feature was the Frank Pehr stakes at one mile, and eight started facing the flag. Robinson's entry, (Chorus Boy), and Mr. Phinley were made favorite and placed at 2 to 1.

The heavy play that came in on the entry quickly forced the price to 5 to 1. Gen. Mart Gary had a strong backing at 11 to 5. Chorus Boy got off well to a good start, and made a show of his field. At the half he was leading by four lengths, and he passed the judges' stand first by two lengths under a post. Recede came strong in the stretch and finished second, with Mr. Phinley third. Chorus Boy ran the distance in 1:15 1/2.

Fast Train on the Illinois Central Was Wrecked—One Killed and Several Hurt.

Puduch, Ky., May 9.—The Illinois Central fast freight train No. 102, from Memphis to Louisville, was wrecked at Puduch Wednesday afternoon at 12:30. The engine jumped the track and all but one car was turned over. Engineer Barney Keeney, of Memphis, Tenn., died of this injury. The train was fatally hurt. The engine lived but a short time. Baggageman D. M. Taylor, of Louisville, was killed. Agent Chas. Young, of Louisville, was badly hurt, and several passengers received painful injuries. A cafe car and coach burned. Fast running trains are in great peril supposed to have been the cause.
